Dual Aspect of Facts and Truth

— Exploring Huanxian County Incident Shaanxi–Gansu–Ningxia Border Region in Anti–Japanese War time

Yang Dong

Abstract: Huanxian County Incident, because of the KMT military friction, tax burden and improper foragers work. However, between the incident statement and the statement truth, it covered a lot of the facts collection reflection historical truth. These facts collection, not only to clarified the incident all the details deep truth, but also were the logical basis connected statement sense and statement truth. Further, the CCP developed revolution in economic and cultural extreme backwardness, social ecology very complex, they were bound to show contradictory and even conflicting complex relationship between the Revolution and the local rules. It also showed that in the absence of local society get reinvented, even the CCP revolution strong penetration to the grassroots society; they also face involution crisis.
