From Government Management to Coordinated Governance:  
the Exploration of Talent Management Reform  
a Case Study of the Southern Area of Jiangsu  
Qiu Zhiqiang

Abstract: It is hard to achieve lasting social stability merely by means of government management in the current complicated society; therefore, there is a need for a new social theory to guide the governance; as a result, coordinated governance is emerging, providing the theoretical foundation for social management. Talent management is a vital part of coordinated governance. Coordinated governance of talents is of far-reaching significance

Keywords: talent management; coordinated; good governance
