## On the Criminal Regulation of Malicious Payment in Arrears — the Thought on the Crime Constitution of the Crime of Refusing to Pay Labor Remuneration

Yang Jun

**Abstract:** The crime of refusing to pay labor remuneration is a newly-added crime in 2011, aiming at the criminal regulation of such behavior of great social harmfulness as malicious payment in arrears. However, the provision on the crime constitution is relatively abstract and general, which affects its due legislative value and expected practical effect. For this reason, the paper attempts to elaborate further on the crime constitution of the crime refusing to pay labor remuneration.

**Keywords:** malicious payment in arrears; criminal regulation; crime of refusing to pay labor remuneration; crime constitution
