# The New Expansion of the Road to Socialism with Chinese Characteristics by the New Development Concept — a Case Study of New Development Practice in Jiangsu Province

Li Wanchun Yuan Jiuhong

**Abstract:** The new development concept centers on a basic question about development, deepens the scientific insights into the meaning of a Chinese road, highlights the core values of the Chinese road, and reveals its direction forward, which is the new expansion of the road to socialism with Chinese characteristics. Strategically guided by the new development concept, Jiangsu Province deepens and broadens the thoughts to build a moderately prosperous society and develop new advantages in innovation-driven development, coordinated development and sharing development, exploring paths for the whole country in institutional innovation, new models of urbanization, cultural sharing and ecological civilization.

**Keywords:** the new development concept; Chinese road; innovation-driven development; institutional innovation
